

# FLEX-TAC-LIGHT TACTICAL LIGHTING SERIES

- › Integrated Wireless HD Camera
- › Powerful Remote Controlled LED Lighting
- › Long Range Infrared LED Illuminator

**FLX-TAC6V2ILRCNRC**

- Completely wireless and battery powered system
- Wireless networking reliable on over 1,000 feet
- Bidirectional encrypted remote control
- Visual and Laser Target Designator
- Compliant with all Flexlite video command stations

# TACTICAL LIGHTING SERIES

## FLX-TAC6V2ILRCNRC

### OUR MOST PERFORMANT COMBINED WIRELESS HD CAMERA AND REMOTE CONTROLLED LIGHTING SYSTEM

The powerful 5000 lumen lighting and IR illumination provided by each projector can quickly and safely floodlight the entire work area as soon as the response teams arrive. With its great autonomy, the system does not require any other generator or external power source, thus avoiding the presence of cumbersome wires on the ground inside the security perimeter. The purpose of this system is to reduce the time required to deploy lighting equipment and to make the work of the field staff easier as well as to enhance their security.

Each unit is easily operated via wireless remote control, making it possible to control it from a safe hidden location. Whether it is used for surveillance or tactical operations, this system has the capabilities to support a multitude of operations and to increase the mission performance by extending operational options.

Equipped with a high definition camera, each unit can provide real time video streams to the mobile command center. The camera feeds can be viewed simultaneously or individually allowing the operator of the command center to have a general overview of the scene or to instantly zoom in on specific areas being monitored. There is no doubt that this will significantly improve response team coordination.

Images are transmitted through a wireless network made up of the projectors and the command center. The outstanding communication capabilities of the system ensures each camera works adequately at a distance of 1000 feet regardless of buildings or vehicles obstructions. Furthermore, distances can reach up the 2 kilometers (1.5 miles) using a Flexlite external long range antenna.

The images from each projector are recorded by the command center and can later be used as evidence or for training and improving response practices.

#### SPECIFICATIONS

##### LIGHTING

Power .....	5000 Lumens
Projection angle .....	3 x 25° + 3 x 45°
Color temperature .....	5 000°K

##### CAMERA

Type .....	HD with high gain
Resolution .....	3 megapixels
Modes .....	Automatic - color / black & white

##### BATTERY LIFE AT 21°C

Economy mode .....	12 hours (only 2 LED + camera)
Full mode .....	4.5 hours (all visible LED + camera)
Infrared mode .....	11.5 hours (IR with camera)
Camera only .....	35 hours (without lighting)
Charging time .....	10 hours (5 amps charger)

##### WIRELESS NETWORK

Protocole .....	TCP/IP
Bandwidth .....	150 Mbps
Security .....	WEP / WPA
Range .....	Over 1000 feet
Extention range antenna .....	Up to 2 kilometers (optional)

##### REMOTE CONTROL

Range .....	500 feet
Bidirectional .....	Yes, with status indicator
Battery .....	1 x 9 Volts

##### HOUSING

Height .....	4.25 inch (10.8 cm)
Depth .....	4.75 inch (12 cm)
Width .....	22 pouces (55.9 cm)
Material .....	Black anodized aluminum
Weight .....	15 lbs (6.8 Kg)
Protection IP Code .....	IP65
Operating temperature .....	-40°C à 50°C (-40°F à 122°F)

##### SUPPORT (TACTICAL INCLUDED)

Tripod material .....	Black painted steel
Maximum extension .....	6 feet (182 cm)
Maximum legs spacing .....	42 inch (106 cm)
Fence hook .....	Integrated
Stability claws .....	Integrated
Compatible with Manfrotto tripod .....	With adapter SA-FLXSPOT-MFRTADAP

##### ACCESSORIES

Adapter for 120VAC auxiliary source .....	SA-FLXSPOT-110VADAP
Adapter for 12VDC auxiliary source .....	SA-FLXSPOT-12VADAP
Tactical tripod set .....	FLXSTAND8-TACY
Carrying Bag .....	T-BAGFLX8.5X42X5.25
Manfrotto tripod adapter .....	SA-FLXSPOT-MFRTADAP
Back transportation harness .....	FLX-HTP
Extension range antenna .....	FLX-ANTENNA-Y9

##### COMPATIBILITY

Compatible with all Flexlite video command posts
